

MELINDA BULA

Renegade Thread Play

This is a technique class and a finishing school! Meaning, you can finely learn how to finish your unfinished flower or pictorial quilts with thread! How exciting is that?

Melinda takes the fear out of free motion quilting while teaching how to shade and add highlights — all with thread. Learn how to add dimension to your flower or landscape quilts.

You will learn how to master your sewing machine, how to draw with your sewing machine and Melinda's will share here amazing tips and tricks.

First part of the retreat you will learn:

- How to add beautiful layers of thread painting to highlight, shade, and add depth to your quilt all while sewing through layers of fusible web.
- You will make a quilt sandwich and practice a variety of stitches appropriate for flower and landscape quilts.
- You will learn how to master delicate, shiny rayon thread while mastering the sewing machine.

Second part of the retreat:

- You will have a chance to practice your just-learned stitches by either working on her Sunflower pattern or, if you have taken one of her previous flower or landscape classes, you can work on the quilt from that class. You can also bring something you started at home or in another class.
- This is a great class to help you feel more confident with free-motion quilting with Melinda right by your side. And it's fun!

CLASS KIT: \$45 kit fee for this class includes a 20-page workbook, the Sunflower pattern, unlimited Top Stitch needles for class, as well as an assortment of pre-fused fabric shapes ready to practice your new-found talent.

Important Machine Talk before Class!

You cannot learn free-motion quilting on a sewing machine that you have not sewn on and used to complete at least one project. Please do not bring your new machine that you just got or a friend gave you and you don't know how to use it. It will be a disappointing waste of your valuable class time.

You need to know how to thread it, how to drop the feed dogs, and how to set your needle in the down position. You'll need to know where the top thread tension adjustment is and how to use it. Also, how to turn it on would be a good thing. *You can laugh now!*

If you have to put a plastic shield over the feed dogs case to do free-motion quilting this is not the best machine to use for smooth free-motion quilting. Although I have done demos on this kind of machine, I want you to be successful, so please know how to work your machine!

This class is for you and I want to take the intimidation out of thread play but I can't help if you don't know how to use your machine. I will be there with you at every step, so don't worry.

SUPPLIES TO BRING

- Sewing machine with foot peddle, extension table, cord, a free-motion presser foot, and machine instruction booklet.
- Variety of 40-weight rayon threads - I like Sulky Rayon 40 thread. I sell thread packs on my website and will bring some to class.
- 1 yard of a solid black fabric to use for your practice quilt ("36 x 45") don't cut it until class.
- 1 yard 100% cotton low loft batting. I use *Quilters Dream* batting in the lowest loft, called Request. The batting should be cut to 22" x 36" for the practice quilt
- White chalk pencil
- Long straight edge ruler and rotary cutter and matt
- 12 medium-size safety pins to pin the layers together
- 5 yards of Steam-A-Seam 2, either 12" or 18" wide
- Scissors for paper and fabric
- Straight pins (I like the flower head pins)
- Sharpie fine tip marker
- Free-motion gloves or whatever you like to use on your hand to quilt with
- 4 extra bobbins (empty)
- Iron (if not provide by the venue)
- Table lamp, if you need more light
- Something to cover your work space at night

Don't forget to bring fabrics for the Sunflower quilt! Go to my web site (melindabula.com) and download the supply list and color chart for the sunflower or bring your own flower or landscape quilt ready to work on.
