

KATIE PASQUINI MASOPUST

Artfull Log Cabins (line and grid)

The log cabin block is so very versatile, we will use that as the basis for creating linear abstract art quilts. Start with a painting or photograph, crop that to a strong personal composition, overlay a grid, this can be an even grid, an uneven grid, curved or random grid, this linear drawing is laid over the inspiration photo or painting to become the map. Then log cabins made up of the colors found in each unit of the grid will be constructed and then put together to make the quilt. Emphasis on composition, variety, color, value and visual pathways.

MATERIALS LIST

- Inspiration photos, landscapes, flowers, anything that inspires you.
- Fabrics:** full values of the colors found in the inspiration photo. You will be making a wall quilt no larger than 24 x 36. You need lots of choices of fabrics in long 1/8th yard strips or more; the more choices the better. You can cut your strips before class if you want. 1 ¼ " strips work well, but if you want more variety and less uniform look you can cut several sizes. 1 inch, 1 ¼ and 1 ½ inch strips of all of the colors. If you are unsure, you can cut your strips the first morning of class. Bring several uncut colors to use for centers which can be up to two-inches wide. All of this depends on your inspiration photo and the grid you choose to lay over it. But don't stress, just bring lots of fabric. (Then add even more — most students wish they had more choices once they get started!)
- Sharpie PERMANENT fine-point pen
- Ruler and pencil and marking pencils for drawing on the fabric
- Scotch tape
- Sewing tools, darning foot
- Rotary cutter, mat and ruler.
- Iron and ironing surface to have by your side. (or a wooden iron or other tool to finger-press the seams)
- Scissors paper and fabric
- Sewing machine and thread for piecing.
- Batting, backing and thread for quilting the surface.
- Shoe boxes to hold fabrics once they are cut into strips or somewhere to organize all of those strips!! (*I like to use big safety pins and pin the ends of like colors together and put on a big ring*)
- Tracing paper
- Drawing pencil and drafting ruler – not the rotary ruler. The drafting ruler is for drawing your grid. You will want to have a two-inch wide, quarter-inch grid, see-through ruler, thinner than the rotary ruler.
- Design Wall
- Table lamp, if you need more light
- Something to cover your work space at night
- We will enlarge your chosen grid to the intended size of the quilt, and have a paper copy made at a cost of approximately \$10.00.
