

JEANNETTE WALTON
A JUDY NIEMEYER CERTIFIED INSTRUCTOR

A Passion for Paper Piecing

Have you ever loved a quilt layout, but wished you could do a different border? Or choose a different center? Then the Mixer Series is for you! Brad and Judy Niemeyer have developed a unique concept which allows you to create your own design. The Mixer layout uses three distinct groups, A, B, and C, to create your own quilt arrangement! The center of the quilt is the "A" component. Then a "B" border surrounds the center. Then, you have your choice of different outside "C" borders to square the quilt off! Mix and match to your heart's content to create a quilt that is uniquely yours. The possibilities are endless! Or, make it easy on yourself and choose a pattern already designed by Brad and Judy Niemeyer. Jeanette Walton, a Judy Niemeyer Certified Instructor, will guide you through, step-by-step to making your gorgeous quilt!

SUPPLY LIST

- Fabric and pattern! If you would like to create your own design, contact Jeanette. In partnership with Certified Shop, Always Quilting, Jeanette will work with you to provide a preview of your quilt using Quiltster. Quiltster is a software app for Quiltworx.com designs which allows you to audition your fabrics and see what the finished product will look like. Believe it or not, the quilt shown on the cover is a Quiltster image! Always Quilting offers this service at no charge if you purchase your fabrics from them. This option is available to you whether you choose a Mixer pattern or any Quiltworx pattern. Be sure to give yourself enough time to cut out your papers and fabric before class. You don't want to spend all your time in class cutting papers! (Ask me how I know this.)
