

JANE LaFAZIO

A Sense of Place – a free-spirited mixed media art quilt

Join Jane for a mixed media approach to art quilts. Learn: simple sketching from nature, how to design and carve stamps, and free form mono-printing to create your unique surface design on fabric. You'll combine your original elements into a totally one-of-a-kind art quilt that represents the beautiful area of Asilomar and Pacific Grove. Jane will guide you regarding color, theme, composition and finishing and show you how to add unexpected elements like found papers, tea bags and embellishments to your art quilt. We'll use our sewing machines to free motion stitch and sew. You'll also learn hand embroidery stitches and embellishment. (A sewing machine will be very helpful in class, but not necessary, if you prefer to hand stitch.) At the end of the creative and laughter-filled week, you will have created a beautiful color and texture filled art quilt that is totally you!
