

## GYLEEN X. FITZGERALD

### Elegance and Independent Study

I love to design on the fly and have fun while stitching. Quilt making is my passion.

What to bring? Any project you would like to finish and just need to be motivated or obtain a confident re-boot. I'm here to help make you successful by sharing with you a diverse skill in precision piecing and innovation quilting solutions. Finish the project as design or create a new design leveraging on what you have already accomplished.

That being said, please bring everything you have from the existing project to include the pattern or book, fabric, templates, specialty rulers as specified in the pattern or book. Add to that any additional fabric you would like to incorporate into the design to increase the size of the project or perhaps to add your personal WOW factor.

And last, but not least, the basics:
