

REBECCA BRYAN

Modern Watercolor Quilts

Give fresh and colorful life to a tried and true quilt classic such as the Courthouse Stairs by designing it using a modern abstract watercolor by your own hand. We'll start with a warm and fun welcome and dive into a hands on discussion of composition possibilities by painting various watercolors. In part two, we'll choose one of our watercolor compositions and translate it to a quilt pattern of your choice. Then, you'll get into your creative flow and make your watercolor quilt. We'll close out with plenty of show and tell as well as a discussion of finishing options.

By the end of our time together you'll be able to wrap yourself in color with your beautiful quilt!

I want to make sure you enjoy our time together, so you'll receive complimentary access to the on-demand virtual version.
