

JANET FOGG

Independent Study

Because of the structure of an independent study workshop, with students working on a variety of projects, it is difficult to pinpoint an exact list of supplies. If students plan to bring an existing project to class, they should bring supplies they know will be needed to continue with that project. For those who wish to embark on a new design, the following supply list will be helpful.

Students who wish to make a quilt from one of the patterns/kits in Janet Fogg's collection may pre order their patterns/kits with free shipping prior to class from Janet's online store:
