Independent Study – Supply List

Since this is an independent study, I can't give you an exact supply list. Please read the instructions for your specific project and bring the supplies you'll need.

The list below includes the basic supplies most quilters use, but be sure to check your pattern carefully and add anything else required. I won't have sewing supplies available for purchase in class.

If you'd like, you can email me ahead of time at becky.pieceocake@gmail.com to share what you'll be working on. The more I know about your project and your goals, the better I can support you in class!

Common Class Supplies

- Bring the **fabric** you need for your project.
- The pattern or book you are working from.
- A sewing machine in good working order. You may not need your biggest, most expensive machine.

Please sew on this machine before you leave home to be sure it is working well.

- A rotary cutting mat, ruler(s), and rotary cutter
- Small, sharp paper scissors
- Small, sharp fabric scissors
- Bigger scissors or shears
- Pencils for fabric, light and dark.
- Thread.
- Pins.
- A portable 45" x 60" foam core design wall is provided. Bring a piece of batting, flannel, or a flannel-backed vinyl tablecloth to cover this foam core board.
- Scotch tape and/or painter's tape. You may not need it but if you do, it's nice to have on hand.
- Resealable plastic bags come in handy
- A power strip and/or extension cord.
- A light (optional).
- If you are driving, consider bringing a comfortable desk chair.
- A sandpaper board is handy if you are going to be tracing or drawing on your fabric.

Day 1

Set up and introductions.

Days 2-5

Enjoy glorious, happy, relaxing time to sew!
